pre domov všetkých detí

Jar je obdobím, kedy mnohé zvieratká
privádzajú na svet svoje mláďatká.
Aj kohútik Emilko a sliepočka Irenka
čakajú, kedy sa im z vajčiek vyliahnu
malíčké kuriatka. Spočítaj vajčka a
zistíš tak, koľko budú mať sliepočka
a kohútik kuriatok.

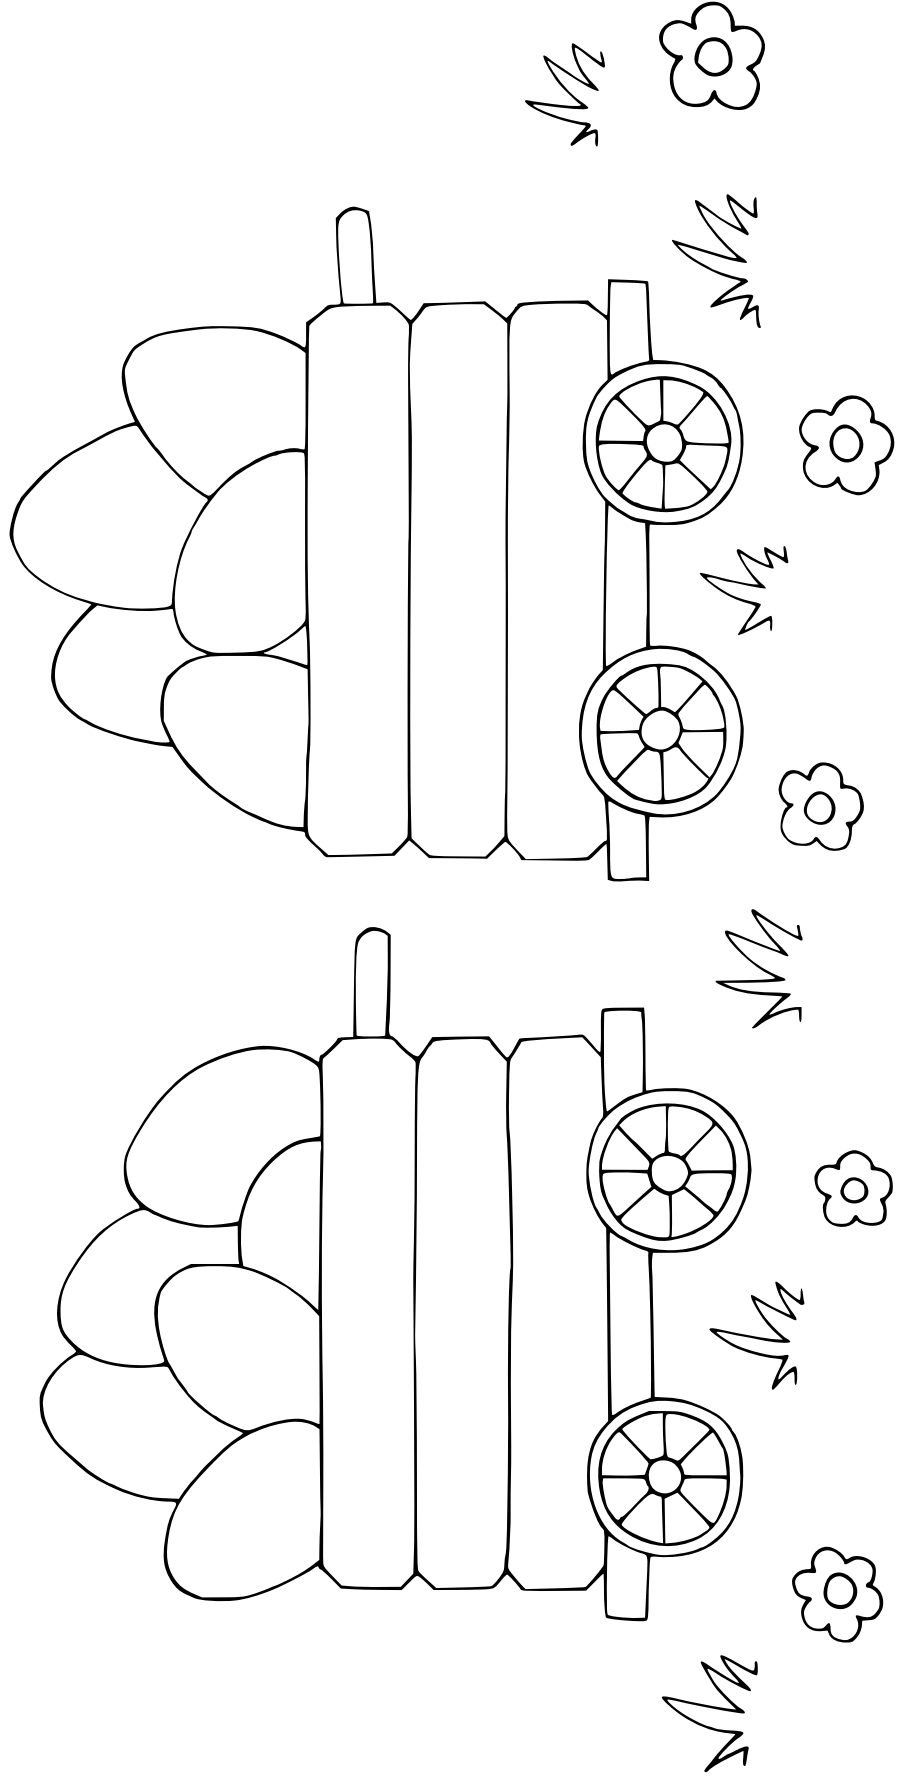

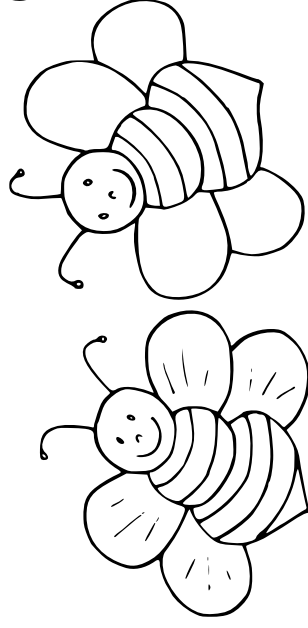

Sliepčka zniesla 8 vajčiek.
Nakresli ich na lúku.

V ktorom vozíku je viac vajčiek
(v pravom alebo v ľavom)?

MENO:

Spočítaj kačičky vo vajíčkach a spoj
ich s príslušným číslom a bodkami.
